One of the most spectacular estates in Florida – or indeed anywhere – is on the market. At the heart of Gemini's 15.65-acre beachfront compound is the coral-clad main residence, which measures at about 62,200 sq ft and dates from the 1940s. It's connected to the secondary accommodation by a luxuriously furnished and air-conditioned tunnel. Other amenities include a botanic garden, model railway and miniature golf course – and of course, its unsurpassed frontage onto the breathtaking beachfront. *Gemini is being sold through Christie's International Real Estate. IN FULL SWING

Get the best of both city and country with these two new properties in south-west London's Coombe Hill. *Laurel Grove and Asquith House* are two neoclassical-style properties, each with grounds of 0.6 acres. Set on a private estate close to an excellent golf course, both of the 12,000sq ft residences have bespoke David Linley kitchens, contemporary interiors and inside pools, as well as a sauna and gym. With so much space, it's hard to believe they're only eight miles from the West End. For more information, call 020 7223 1200 or visit www.qdevelopments.com

UP, UP AND AWAY

New to the market is the second phase of the Telford Homes' latest development in Stratford. Aptly named Stratosphere, the apartments and penthouses are in a 36-storey residential tower, with spectacular views of the City and Canary Wharf. The hi-spec apartments come with a 24-hour

concierge service and a private gym. Stratford itself is known for its shopping, green spaces, golf links and – most famously – its world-class sports facilities, including the Olympic stadium. Prices from £150,000. For more information, contact Telford Homes on 020 7223 1200 or visit www.telfordhomes.plc.uk
